

PROJECT NAME :- NASA

PROJECT FRONT PAGE REVIEW :

OVERVIEW : National Aeronautics and Space Administration (NASA)

NASA was [established in 1958](#), succeeding the [National Advisory Committee for Aeronautics](#) (NACA), to give the U.S. space development effort a distinctly civilian orientation, emphasizing peaceful applications in [space science](#). NASA has since led most American [space exploration](#), including [Project Mercury](#), [Project Gemini](#), the 1968-1972 [Apollo Moon landing](#) missions, the [Skylab](#) space station, and the [Space Shuttle](#). NASA supports the [International Space Station](#) and oversees the development of the [Orion spacecraft](#) and the [Space Launch System](#) for the crewed lunar [Artemis program](#), [Commercial Crew](#) spacecraft, and the planned [Lunar Gateway](#) space station. The agency is also responsible for the [Launch Services Program](#), which provides oversight of launch operations and countdown management for [uncrewed NASA launches](#).

NASA's science is focused on better understanding Earth through the [Earth Observing System](#); ^[8] advancing [heliophysics](#) through the efforts of the [Science Mission Directorate](#)'s Heliophysics Research Program; ^[9] exploring bodies throughout the [Solar System](#) with advanced [robotic spacecraft](#) such as [New Horizons](#) and [planetary rovers](#) such as [Perseverance](#) and researching [astrophysics](#) topics, such as the [Big Bang](#), through the [James Webb Space Telescope](#), and the [Great Observatories](#) and associated programs.

GOALS :

- Front Page of NASA.
- Dark and Light mode.
- Onload Coupon .
- Compactable for all Devices.

Navigation bar (on top):

- Missions.
- Galories.
- NASA TV .
- Follow NASA.
- About.
- Change Mode Button.

HEADING :

- LOGO.
- TITLE.
- SEARCH BAR.
- SEARCH BUTTON.

BODY :

1. An Astronomical and Historical 2022.
2. NASA Spacewalkers install statio's Fourth Roll-Out Solar Array.
3. NASA Events.
4. NASA,SpaceX to study Hubble Telescope Reboost Possibility.
5. Construction Begins on NASA's Next-Generation Asteroid Hunter.
6. NASA's Preseverance Rover Deposits First Sample on Mars Surfaces.
